

Department of Counseling, Rehabilitation Counseling & Counseling Psychology: Annual Report 2017

1 ACCREDITATION

In 2016 and 2017 all three programs in the Department were engaged in accreditation/reaccreditation efforts.

1.1 COUNSELING

The Counseling program faculty, led by Ed Jacobs, wrote and submitted a self-study for CACREP reaccreditation. That was followed by a site visit in September 2016. The site team found no marks against the Clinical Mental Health and School Counseling programs, and in 2017 we were informed that the program was awarded full accreditation for the maximum nine years.

1.2 CLINICAL REHABILITATION & MENTAL HEALTH COUNSELING

During the summer and fall of 2016 the Clinical Rehabilitation and Mental Health Counseling faculty, led by Margaret Glenn, were engaged in writing a self-study for transition from CORE to CACREP accreditation. In August 2017, we were informed that the program has been accredited until October 2023 by CACREP.

1.3 COUNSELING PSYCHOLOGY

The Counseling Psychology program, led by David Allen, submitted a self-study and is awaiting a site visit from the American Psychological Association. The site visit was scheduled for December 7th and 8th, 2017. The site team had to reschedule for February 2018.
